6701.

Requests that in the circumstances explained, the G.O. dy 24.3.33 abolishing the post of Deputy Director of Geology may be reconsidered and if it is considered desirable not to revive the name of Deputy Director, the old post of Senior Geologist with the grade Rs 500-50-600 may be revived and Mr. B. Balaji Rao appointed thereto on Rs 550/- p.m. from 1-1-33.

The Director requests reconsideration of the G.O. dy 24.3.33 abolishing the post of Deputy Director and recommends that the post may be revived and Mr Balaji Rao appointed thereto in grade Rs 500-50-600 on an initial pay of Rs 550/- p.m. from 1-1-33. It is also recommended that if it is not possible to revive the post of Dy Director, the old post of Senior Geologist with a grade Rs 500-50-600 may be revived and Mr Balaji Rao appointed thereto with an initial pay of Rs 550/- p.m. from 1-1-33.

(2) If the above proposal of the Director is approved, the consequential promotions recommended by the Director in his letter dy 7.2.33 are for orders.

Final Note by the Second Member of Council.

Subject :—

Question of raising the pay of Mr. Balaji Rao, Assistant Geologist from Rs.450 to Rs.500 per mensem.

With His Highness' approval, the post of Deputy Director of Geology was abolished, consequent on the confirmation of Mr. Sen as Director. It is now reported that this order of abolition of the post of Deputy Director has resulted in immediate hardship to Mr. Balaji Rao, who has already acted as Deputy Director and as senior Geologist. Mr. Balaji Rao is the seniormost officer in the Department and is due to retire in less than two years, and in view of his good work and of his having drawn salary ranging between Rs.500 and Rs.600 on many occasions as acting Deputy Director, it is proposed to raise his pay from Rs.450 to Rs.500, the increase of Rs.50 being treated as personal to him.

The Dewan and the First Member have agreed to this proposal and it may be graciously sanctioned.

Pages 4 & 5 of office Note

GOVERNMENT OF MYSORE

Telegraphic Address:—"GEOL."

MYSORE GEOLOGICAL DEPARTMENT,

No. 6177-12

Bangalore, 6th April 193 3.

CS-2269

CS/123-32-3

FROM

A. M. SEN, Esq., M.Sc., F.G.S., etc.,
Director of Geology in Mysore,
Bangalore.

To

S.Abdul Wajid, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Bangalore.

Sir,

Ref "O" With reference to your memo No.2896-7/C.B. dated 24th March 1933, communicating to me the order that Government have been pleased to confirm me as Director of Geology, I have the honour to acknowledge with thanks the above gracious order of Government to whom I express my sincere gratitude for their kindness.

Ref "P" 2. I beg to state that the order No.2898-9/C.B.123-32-2 dated 24th March 1933, abolishing the post of Deputy Director of Geology, for reasons stated therein, has been received with great regret and disappointment by all the officers of this department. As I have already stated on page 2, para 4 of my letter No.6177-8 dated 7th February 1933, this department is a small one with only a few officers; and none of them can expect to get a promotion unless a vacancy occurs either by leave or by retirement. Officers of a specialised scientific department of this type always suffer from the disadvantage that they cannot look forward to better prospects elsewhere, as in many other departments; and they have to rest content with their lot in whatever positions they may hold in their own department however hard they work turning out good results. If then a senior grade, like the present one, is abolished, when a vacancy occurs in the department by retirement, feelings

of regret and disappointment of the officers concerned may be easily imagined.

3. The Deputy Director's post was first created in September 1919, with a grade of Rs.650-40-850 as per Government order No.G.7041-7100/Geol.69-18-11 dated 18th September 1919 and Mr. P.Sampat Iyengar was appointed sub-pro-tem in this grade. After Mr. Sampat Iyengar was transferred to the Central College in July 1920, the post was kept unfilled till August 1922 when it was abolished as a measure of retrenchment. When Mr. Sampat Iyengar was appointed as Director-Professor in February 1927, the Deputy Director's post was revived on a lower grade of pay Rs.500-50-600 according to Government order No.2217-67/C.B.152-26-6 dated 5th February 1927.

4. As Senior Geologist, I was appointed in the grade of Rs.500-25-600 according to Government order No.G.7041-7100/Geol.69-18-11 dated 18th September 1919. In August 1922 this post was abolished as per Government order No.I&C.974-1033/Geol 19-22-1 dated 9th August 1922, when I was treated as a Supernumerary officer. I continued as such until I was appointed as Deputy Director in February 1927. This post has now been abolished on my appointment as Director after the retirement of Mr. Sampat Iyengar.

5. Thus it may be seen there is necessity for the graded post of a senior officer between the Assistant Geologists and the Director. The Senior Geologist's post, though abolished in August 1922, was in effect retained as a supernumerary one up to February 1927 when it was called by a different name of Deputy Director to suit the situation created by combining the two posts of the Director and the Professor of Geology. Simply because this combined appointment has now ceased, it does not necessarily follow that there is no need for retaining the post of Deputy Director since this very same officer, though under a different name

name of Senior Geologist or Supernumerary officer had a definite sphere of work discharged by him, including geological and mineral surveys and other scientific work. So it did not mean that because he was a supernumerary officer, there was no work for him.

6. With due deference to the present order stating that Government do not consider that there is any need to have a Deputy Director as well, when the combination arrangement has ceased and there is a full time Director, I beg to submit that the work previously done by the supernumerary officer (or Senior Geologist) has still to be done; and with the increase in mining activities and the departmental responsibility for the supply of raw materials to the Government Porcelain Factory and the Mysore Iron Works in addition to the usual scientific work of the department there is all the more necessity for a superior post in the department.

7. The Mysore Retrenchment Committee of 1931 reported thus:-

> "We have discussed with the Director the possibilities of further economy. No further reduction in the staff is, according to him, feasible without a serious impairment of efficiency, and the curtailed provision of Rs.5,000/- for Mineral Survey and Prospecting Work is barely sufficient to carry on the activities of the department in this field. The department has also been earning a substantial revenue from Chrome mining operations during the past three or four years. In the circumstances we do not propose any further cuts".

8. If however Government are not pleased to continue the post of Deputy Director in reconsideration of their present

present order of abolition of the same, I beg to recommend strongly that the old designation of Senior Geologist may be given to this post on the same grade pay of Rs.500-50-600/- I consider it highly necessary that this graded post of Senior Geologist on Rs.500-50-600 should be kept on as it would serve as an incentive to the junior officers of the department as to their future prospects.

9. The present order of aboliton of the post of Deputy Director and the grade of Rs.500-50-600 has immediately hit hard Mr. B.Balaji Rao, the present (senior) Assistant Geologist. As I have stated on page 2 of para 3 of my previous letter, he has already acted as Deputy Director for nearly two years and as Senior Geologist previously for nearly a year during leave vacancies. I may as well point out that when Mr. Sampat Iyengar took leave during his term of Director-Professorship, first for 3 months and then again for 8 months, Government were pleased to appoint Mr. Balaji Rao to act as Deputy Director with a special acting allowance of Rs.100/- per month, though during that period there was a full time Director in charge of the department. I beg to submit though an acting appointment made then should not necessarily be taken as precedent, the present abolition of the Deputy Director's post and the grade has affected Mr. Balaji Rao very adversely when he has only a period of about 1 year and 6 months more for active service before he gets superannuated in October 1934. He drew the maximum pay of Rs.450/- of his grade as Assistant Geologist in 1925; but unfortunately he lost the Duty Allowance of Rs.50/- p.m. from 1st October 1931 which he was drawing in addition as Superintendent of the Government Chrome Mines at Byrapur and Talur from August 1929. This fact was also represented to Government by Mr. Sampat Iyengar in his letter No.5139, dated 15th January 1931, addressed to the Development

(continued on next page)

Secretary, wherein special grades with higher scales of pay for the Deputy Director and the (senior) Assistant Geologist were recommended.

10. Under the above circumstances I most earnestly appeal to Government to reconsider their order of the 24th March 1933 abolishing the post of Deputy Director. If it is considered desirable not to revive the name of Deputy Director, I strongly recommend that the old post of Senior Geologist with the grade of Rs.500-50-600/- (which amount is already provided for in the current year's budget) may be revived and Mr. Balaji Rao may be appointed as Senior Geologist in addition to his duties as Superintendent of the Government Chrome Mines with effect from 1st January 1933 on Rs.550/- per month.

11. If my recommendation of appointing Mr. Balaji Rao as Senior Geologist is approved by Government, there will be a vacancy in the grade of Assistant Geologists. To fill up this place, I have already submitted proposals in my letter No.6177-8 df the 7th February 1933 for the kind consideration and sanction of Government.

12. I beg to request that Government may be pleased to reconsider their Order favourably and sanction the presnet recommendations as already stated.

I have the honour to be,

Sir,

Your most obedient servant,

A. M. Sen

Director,

Mysore Geological Department

Dear Mr. Wajid,

I have sent this day to your address an official letter, appealing to Government for a reconsideration of their order No.2898-9/C.B.123-32-2 dated 24th March 1933 abolishing the post of the Deputy Director of this Department; and I have made certain recommendations for the approval of Government.

I had a personal talk with the First Member of Council on this subject and he advised me to send my representation to Government.

I shall be highly thankful if you kindly see that this paper is submitted early to the present First Member of Council before he hands over charge of his portfolio and assumes charge of Dewanship, when Sir Mirza Ismail proceeds on deputation to England by about the 20th instant.

Yours sincerely,

A.M.Sen

S.Abdul Wajid, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Bangalore.

29/5

SIR,

I have the honour to acknowledge with thanks receipt of Government order No.3491-2/C.B.123-32-4 dated 16th May 1933 raising the salary of Mr. B. Balaji Rao, Assistant Geologist, from Rs.450/- to Rs.500/- per mensem, the increase of Rs.50/- being treated as personal to him.

It is noted with regret that the Government are not prepared to reconsider the subject of the abolition of the post of the Deputy Director of Geology as a result of which the ~~future~~ future prospects of the officers of the Department are completely set back.

I beg to state that the above order of Government does not specify the date from which the increased rate of salary has to be drawn. Hence it has to be inferred that Mr. Balaji Rao is to draw his ~~Rs.500/-~~ Rs.500/- only from the date of order, viz., from the 16th May 1933. This I beg to submit is a great hardship to Mr. Balaji Rao who rejoined duty from long leave to relieve me so far back as 23rd December 1932. I therefore request that Government may be pleased to order that the increased rate of salary so kindly sanctioned to the officer may be allowed to be drawn by him with retrospective effect from 3rd January 1933, the date on which he assumed charge of the office of the Director of Geology consequent on my going on privilege leave for 15 days from that date.
